

Oakwood Academy

BACK TO SCHOOL CONFIRMATION FORM

Please complete this form if you have been absent from an illness to confirm that your child is healthy and able to return to school. By adding your signature, you are verifying that the information is true. If your child was tested for COVID-19, a copy of the test results should be sent as well. Return the completed form to Health and Safety hs@oakwoodacademy.ca before your child's return to school.

Child's Full Name: _____

D.O.B: _____ / _____ / _____
MM DD YYYY

A COVID-19 test was taken and my child tested positive:

- My child is fully vaccinated OR 11 years old or younger and has isolated for 5 days after the start of symptoms or from when they tested positive for COVID-19); Any symptoms have improved for at least 24 hours (48 hours for gastrointestinal symptoms) AND no fever is present (temperature remains lower than 37.8°C without the use of medication); And has been cleared by public health to return.
- My child is 12 years of age or older AND partially vaccinated/unvaccinated OR immune compromised and has isolated for 10 days after the start of symptoms or from when they tested positive for COVID-19); Any symptoms have improved for at least 24 hours (48 hours for gastrointestinal symptoms) AND no fever is present (temperature remains lower than 37.8°C without the use of medication); And has been cleared by public health to return.

My child was ill with symptoms of COVID-19:

- My child tested **NEGATIVE** for COVID-19 on two rapid antigen tests (24-48 hours apart) OR one lab-based PCR test; AND their symptoms have improved for more than 24 hours (more than 48 hours for gastrointestinal symptoms); AND no fever is present
- A COVID-19 test was **NOT** taken and my child has isolated for 5 days after the start of symptoms. Any symptoms have improved for more than 24 hours (48 hours for gastrointestinal symptoms) AND no fever is present.
 - o This applies if your child is fully vaccinated OR 11 years old or younger
- A COVID-19 test was **NOT** taken and my child has isolated for 10 days after the start of symptoms. Any symptoms have improved for more than 24 hours (48 hours for gastrointestinal symptoms) AND no fever is present.
 - o This applies if your child is 12 years of age or older AND partially vaccinated/unvaccinated OR immune compromised
- My child had one lesser common symptom associated with COVID-19 (lesser common symptoms outlined in question 2 of the screening form). My child has isolated for 24 hours (or 48 for a gastrointestinal symptom), the symptom has improved, and no other symptoms have developed.

Someone in my household was ill with symptoms of COVID-19:

- My household member tested **negative** for COVID-19 on two rapid antigen tests (24-48 hours apart) OR one lab-based PCR test. The household member's symptoms have improved for more than 24 hours (more than 48 hours for gastrointestinal symptoms), AND no fever is present. My child has no symptoms present.
- My household member **did not get tested** for COVID-19. The household member's symptoms have improved for more than 24 hours (more than 48 hours for gastrointestinal symptoms), AND no fever is present. My child has isolated for the household member's isolation period AND my child has had no symptoms present.
- My household member tested **positive** for COVID-19 on a rapid antigen test OR a lab-based PCR test. The household member's symptoms have improved for more than 24 hours (more than 48 hours for gastrointestinal symptoms), AND no fever is present. My child has isolated for the household member's isolation period AND my child has had no symptoms present.

My child is a CLOSE CONTACT based on a community exposure (not including a school-based exposure) to an individual who tested positive for COVID-19:

- My child has followed the isolation guidelines determined by public health AND has been cleared to return to school by public health.

My child recently travelled outside of Canada:

- My child was fully vaccinated* against COVID-19 prior to their entry into Canada. My child is well, has no symptoms and is not immune compromised.
- My child has returned from travel outside of Canada. My child stayed home and completed the mandatory federal requirements to stay home from school for 14 days after travel. My child is well and has no symptoms.
- o This applies if your child is partially vaccinated or unvaccinated, even if your child is exempt from quarantine. Your child must still avoid group settings (i.e., schools, camps, daycares) for 14 days after their return to Canada.

In addition to the checked box above, I confirm that my child has also passed the Oakwood Academy COVID-19 Daily Screening Tool.

Parent/Guardian Name & Signature: _____

Date: _____

HS Coordinator: _____

Date: _____

*Your child is fully vaccinated if:

It has been 14 days after your child received the last dose of a Health Canada approved COVID-19 vaccine (the second dose of a 2-dose vaccine, or a single dose of a 1-dose vaccine) or any combination of these vaccines.

Your child is also considered fully vaccinated if it has been 14 days after you received:

- 1 or 2 doses of a COVID-19 vaccine not approved by Health Canada, followed by 1 dose of a COVID-19 mRNA vaccine approved by Health Canada (e.g., Pfizer or Moderna) or
- 3 doses of any COVID-19 vaccine not approved by Health Canada.

Note: If your child is exposed to a person with COVID-19, your child's last dose must be received 14 days prior to their initial exposure.

If your child is immune compromised, they should continue to isolate after a COVID-19 exposure even if they are fully vaccinated or previously positive.
